Color Key

Emory University
LaGrange College
Oglethorpe University
Piedmont College

Scoring Rationale

A player must play in **75%** of his team's total rounds in order to be eligible for Georgia Cup honors.

Scores are adjusted by the number of Georgia Cup teams participating.

If all four teams are participating each round is factored in THREE times.

If only three Georgia Cup teams are participating the scores are used TWICE.

If only two Georgia Cup teams are participating the scores are used ONCE.

If only one Georgia Cup team is participating the scores are NOT ELIGIBLE for Georgia Cup honors.

If individuals are represented from a school (with no team score) the results count for individual standing but not team scores.
