| 24. Maryland | 48. Wyoming |

The Interstate Certification Compact is an agreement by member states developed and administered by the National Association of State Directors of Teacher Education and Certification. Reciprocity is not automatic, as each state has individual requirements for testing, as well as state-specific course work. However, generally speaking, individuals who complete approved programs and receive initial certification in one state can apply for a similar credential in another of the member states. For additional information, [click here](#) to read the entire agreement.
