

Equity in Athletics Disclosure Act

The Equity in Athletics Disclosure Act (EADA) Survey is a report that institutions are required to make available to students, prospective students and the public in easily accessible places in order to comply with United States Department of Education regulations. The EADA reports the institution's commitment to providing equitable athletic opportunities for its men and women students. All institutions of higher education that participate in federal student aid program(s) must prepare an annual EADA report that contains participation rates, financial support, and other information on men's and women's intercollegiate athletic programs. A link to Piedmont University's 2021 Equity in Athletics Report is available here:
