

ROCKETJUDGE PARENTAL CONSENT

RocketJudge takes privacy seriously, and we are committed to informing you about our privacy practices for events on our platform. If you have questions about the event organizer's policies, you should contact the event coordinator.

A federal law called the Children's Online Privacy Protection Act requires us to give direct notice about our information practices before collecting information about children who are under 13. You are receiving this form because you registered for an event and indicated that the participant is under 13 years old.

Please read the information below before signing the consent form. If we make material changes to these practices, we will send an updated notice.

Event Registration and Submissions. For event participants under the age of 13, only a parent, legal guardian, or school official may register an account and submit information. Children under the age of 13 may not register for or enter information into the RocketJudge platform, but we encourage you to work with your children. Depending on how the event sponsor has set up the competition, we may collect the following from you or the school: the child's name, age, grade level, home address, email addresses, telephone number, school name, school address, teacher name, teacher email, and information about their science fair project.

Video Interviews. The event sponsor for your event will be using the video conference functionality of our platform. For this part of the platform, we will collect information from your child because judges will interview competitors as part of the event. Video interviews will include video and audio of the competitor, and the interview may include a discussion of the submitted project and other questions posed by the event sponsor and judges.

Uses and Disclosures of Data. We only use information about participants who are under 13 to provide the RocketJudge platform. We do not use their information for any other commercial purpose. Participants who are under 13 cannot make information available to the general public via our platform, and we will only share the information with the event sponsor, judges, and staff. However, the event sponsor may publish the results of a competition.

Third-Party Operators. We use Amazon Chime for video meetings with event participants. Amazon will collect participants' login time and IP address. Amazon's contact information is: Amazon Web Services, Inc., 410 Terry Avenue North, Seattle, WA 98109-5210, ATTN: AWS Legal, (206) 266-4064, abuse@amazonaws.com.

Parental Rights. We do not require disclosure of more information than is reasonably necessary to participate in the event. In addition, parents may review personal information about their child on the RocketJudge platform, direct us to delete it, and refuse to allow further collection or use of the information. Parents may also restrict certain disclosures of personal information (however, parents cannot for example, restrict disclosures to events which are required as part of our services). To exercise these rights, please contact us using the "Contact Us" details provided below.

Privacy Policy. Our Privacy Policy is available at: <https://rocketjudge.com/legal/privacy>

Questions. For more information or if you have any questions or concerns regarding this consent form, wish to exercise your rights, or wish to lodge a complaint with us, you may contact us using the information below, and we will do our best to assist you. Please note, if your communication is sensitive, you may wish to contact us by postal mail or telephone.

In writing: RocketJudge by Populy Voting Systems, 534 W 112 St, PO Box 250821, New York, NY 10025
